Terms of Use

Tile Sort · Effective November 13, 2026

These Terms of Use (the “Terms”) are an agreement between you and the independent developer of Tile Sort (“we”, “us”) and govern your use of the Tile Sort game on any device (the “Game”). By downloading or playing the Game you agree to these Terms and to our Privacy Policy. If you do not agree, do not use the Game.

1. License

We grant you a personal, limited, non-exclusive, non-transferable, revocable license to download and play the Game on devices you own or control, for your own non-commercial entertainment. On Apple devices, the license is limited to use permitted by the App Store’s Usage Rules.

You may not copy, sell, rent, sublicense or distribute the Game; decompile, reverse engineer or modify it, except where the law expressly allows; use cheats, bots or tools to alter the Game or its in-game economy; or interfere with ads or purchases.

2. Coins and virtual items

The Game includes virtual coins and items (such as hints, undos, extra tray slots and decorations) that you can earn by playing, by watching optional ads, or by buying with real money. Virtual items are licensed to you, not sold; they have no real-world monetary value, cannot be exchanged for cash or anything outside the Game, and cannot be transferred between players.

We may change prices, amounts and the availability of virtual items as the Game evolves. Unused coins may be lost if you delete the Game, reset your device or stop using it, because progress is stored on your device.

3. Purchases and refunds

Purchases are made through the App Store or Google Play and are subject to their terms. All purchases are final except where the store’s policies or applicable law provide otherwise. Refund requests are handled by Apple (reportaproblem.apple.com) or Google Play. “Remove Ads” is a one-time purchase that can be restored on your devices with the same store account using “Restore Purchases”.

4. Advertising

The Game is free to play and supported by ads from third parties, chiefly Google AdMob. We are not responsible for the content of third-party ads or for products and websites they lead to.

5. Your progress

Your progress is saved on your device. We do not provide cloud backup and cannot restore progress lost through deletion of the Game, device failure or similar events.

6. Ownership

The Game, including its code, artwork, tile designs, music, sounds and text, is owned by us or our licensors and is protected by intellectual property laws. Third-party components are used under their own licenses. All rights not expressly granted to you are reserved.

7. Updates and availability

We may update, change or stop offering the Game or any feature at any time. Some updates may be required to keep playing. We do not guarantee that the Game will always be available or free of errors.

8. Disclaimer of warranties

The Game is provided “as is” and “as available”. To the fullest extent permitted by law, we disclaim all warranties, express or implied, including merchantability, fitness for a particular purpose and non-infringement. Some jurisdictions do not allow these exclusions, so some may not apply to you.

9. Limitation of liability

To the fullest extent permitted by law, we are not liable for any indirect, incidental, special, consequential or punitive damages, or for loss of data or virtual items, arising from your use of the Game. Our total liability for any claim relating to the Game is limited to the greater of the amount you paid us for the Game in the 12 months before the claim, or US$10. Nothing in these Terms limits rights you have under consumer protection laws that cannot be waived.

10. Termination

These Terms apply until ended by you or us. You can end them by deleting the Game. Your license ends automatically if you break these Terms, in which case you must stop using the Game.

11. Apple App Store terms

If you downloaded the Game from Apple’s App Store, the following also applies:

- These Terms are between you and us only, not Apple. We, not Apple, are solely responsible for the Game and its content.
- Apple has no obligation to provide maintenance or support for the Game.
- If the Game fails to conform to any applicable warranty, you may notify Apple, and Apple will refund the purchase price, if any; to the maximum extent permitted by law, Apple has no other warranty obligation with respect to the Game.
- We, not Apple, are responsible for addressing any claims by you or any third party relating to the Game or your possession or use of it, including product liability claims, claims that the Game fails to conform to legal or regulatory requirements, and consumer protection or privacy claims.
- If a third party claims that the Game or your use of it infringes their intellectual property rights, we, not Apple, are responsible for the investigation, defense, settlement and discharge of that claim.
- You represent that you are not located in a country subject to a U.S. Government embargo or designated as “terrorist supporting”, and that you are not on any U.S. Government list of prohibited or restricted parties.

- You must comply with applicable third-party terms (such as your wireless data agreement) when using the Game.
- Apple and its subsidiaries are third-party beneficiaries of these Terms and, once you accept them, Apple may enforce them against you.

12. Google Play terms

If you downloaded the Game from Google Play, your use is also subject to the Google Play Terms of Service. Google is not a party to these Terms and is not responsible for the Game.

13. Governing law

These Terms are governed by the laws of the United States of America, without regard to conflict-of-law rules. If you are a consumer living outside the United States, you keep the protection of the mandatory laws of your country of residence and may bring claims in its courts.

14. Changes to these Terms

We may update these Terms. The new version will be published at the same address with a new effective date. If you keep playing after a change takes effect, you accept the updated Terms.
